About the facility

The 10,000-square-foot terminal at Van Nuys Airport (KVNY) was built to NetJets' specifications based on Owner preferences and is our first exclusive-use facility located west of the Mississippi. Housing an Owner's lounge, a conference and business center, and flight-planning facilities, the facility is ideally situated in the middle of the airfield and includes a streamlined passenger transition to and from the aircraft ramp and onsite NetJets Guest Services Representatives.

NETJETS®
