- Performance and range is similar to the NetJets XLS/Excel.
- Most noticeable difference between the CitationAir XLS/Excel and NetJets XLS/Excel is that the CitationAir XLS/Excel has a two-place divan that allows seating for 8 passengers in the cabin (NetJets XLS/Excel features a 7-passenger configuration).
- The two-place divan in the CitationAir XLS/Excel significantly reduces overall passenger comfort when traveling with more than 6 passengers, and also drastically decreases the space available for catering accommodations vs. the NetJets XLS/Excel.
