- Performance and range is similar to the NetJets Sovereign.
- Most noticeable difference between the CitationAir Sovereign and NetJets Sovereign is that the CitationAir Sovereign is configured for 9 passengers, with a seat next to the refreshment center (NetJets Sovereign features an 8-passenger double club configuration).
- The extra seat in the CitationAir Sovereign reduces overall passenger comfort when traveling with more than 8 passengers, and also drastically decreases the space available for catering accommodations vs. the NetJets Sovereign.
