NetJets invites you to a private concert with award winning musical sensation Katy Perry. Katy will be performing her hit songs for you and your families in an intimate and unique setting.

Katy is the first woman and only the second artist to have five songs from the same album reach No. 1 on the Billboard Hot 100; Michael Jackson is the only other artist to have achieved the same feat. "California Gurls" was the first song from Teenage Dream to chart, landing at No. 1, and was followed by "Teenage Dream," "Firework," "E.T.," and then "Last Friday Night (T.G.I.F.)."
