

Learjet 85 (preliminary data)

Super-Midsized Cabin Category

Comparable NetJets Models: Citation Sovereign & Citation X

High Speed Cruise: 540 mph

Typical Passenger Configuration: Up to 8

Maximum Range: 3,300 sm (estimated)

Approximate Endurance @ HSC: TBD

Baggage capacity: 130.00 ft³

- Launched in 2007, the Learjet 85 will be the largest aircraft model in the Learjet series with a stand-up cabin, and will be Bombardier's first aircraft made almost entirely of composite materials.
- The Learjet 85's cockpit will feature Bombardier's Global Vision flight deck, based on Rockwell Collins Pro Line Fusion avionics.
- First flight is anticipated sometime during 2012, with certification due in late 2013.
- Flexjet will be the launch customer for the Learjet 85, with one aircraft arriving in late 2013, followed by four aircraft in 2014 and two in 2015.
