

XOJET Hawker 800XP

Midsized Cabin Category

Comparable NetJets Models: *Hawker 900XP/800XP*

Overall Cabin Length: 21.30 ft.

High Speed Cruise: 500 mph

Maximum Passengers: 8

Maximum Range @ LRC: 2,900 sm (2 pax)

Approximate Endurance: 5.2 – 6.0 hrs

Baggage capacity: 40.00 ft³

- XOJET added early model Hawker 800XP's to their fleet in early 2012 – all of which were retired from NetJets with high airframe times. XOJET modified these aircraft to include Hawker Beechcraft winglets, Wi-Fi, and a refurbished interior. *Note: An XOJET press release from October 2011 indicated these NetJets Hawker 800XP's would modified to the "Hawker 800XPR" package; however, XOJET has not upgraded the existing engines at this time – thus, the standard Hawker 800XP is currently offered on their website.*
- This aircraft acquisition approach from XOJET is a deviation from their standard talking points of the past, which boasted about only operating new aircraft.
